# CUT PROTECTION

TAKES A BOLD LEAP FORWARD

CUT AND HEAT RESISTANCE

CUT AND HEAT RESISTANCE

/// POWER  
OF KEVLAR®

KEVLAR® ENGINEERED YARN

# COMBINED WITH METAL CORE FOR MAXIMUM PROTECTION

KEVLAR® – A UNIQUE COMBINATION  
OF HIGH STRENGTH, HIGH MODULUS,  
& THERMAL STABILITY

From athletes to astronauts, first responders to industrial workers, Kevlar® enables anyone, with an imagination and a job to do, to Dare Bigger™. PIP, the leading provider of coated seamless knit gloves in America teamed up with DuPont® to develop the new **G-TEK® KEV™** series of cut resistant gloves.

**Kevlar.**

**DARE < BIGGER™**

**G-Tek®**  
**KEV™**

**◀ 09-K1640**

- Red liner for easy compliance detection on job site
- Good grip on dry, wet or oily surfaces
- Protection in light heat applications

**APPLICATIONS:** Glass Cutting, Metal Handling, Small Sharp Objects, Fastening

**G-Tek**  
KEV™

**KEVLAR®  
ENGINEERED  
YARN**

COMBINED WITH METAL CORE  
FOR MAXIMUM PROTECTION

**◀ 09-K1600**

- Superior cut resistance
- Good grip on dry, wet or oily surfaces
- Protection in light heat applications

**APPLICATIONS:** Glass Cutting, Metal Handling, Fastening, Construction

**◀ 09-K1218**

- High breathability and comfort
- Excellent dry grip, and good grip in oily conditions
- Protection in light heat applications

**APPLICATIONS:** Glass Cutting, Metal Parts, Fastening, Construction

**◀ 09-K1618**

- Thin coating for maximum dexterity
- Excellent dry grip, and good grip on wet or oily surfaces
- Protection in light heat applications

**APPLICATIONS:** Glass Cutting, Electronics, Metal Handling, Fastening, Construction

**◀ 09-K1630**

- Excellent durability and abrasion resistance
- Good grip on dry, wet or oily surfaces
- Protection in light heat applications

**APPLICATIONS:** Metal Handling, Fastening, Construction, General Maintenance

**G-TEK® KEV™ GLOVES**

◀ **10-KVS18RD**

- Red color for easy compliance detection on job site
- Kevlar® engineered yarns maximize durability and abrasion resistance
- Protection in light heat applications

**APPLICATIONS:** *Glass Operations, Metal Stamping, Automotive, Appliance and Machinery Manufacturing*

ANSI  
**A6**

◀ **10-KVS18DGH**

- High cut protection and comfort
- Kevlar® engineered yarns maximize durability and abrasion resistance
- Protection in light heat applications

**APPLICATIONS:** *Glass Operations, Metal Stamping, Automotive, Appliance and Machinery Manufacturing*

ANSI  
**A6**

◀ **10-KVS18YBH**

- Optimal cut resistance and comfort
- Kevlar® engineered yarns maximize durability and abrasion resistance
- Protection in light heat applications

**APPLICATIONS:** *Glass Operations, Metal Stamping, Automotive, Appliance and Machinery Manufacturing*

.....→  
Matching Kut Gard® protective sleeves to provide extended protection when needed.

# DEFYING LIMITS CHALLENGING THE CONVENTIONAL

PIP data demonstrates that more often than not arm protection is left to long-sleeved daily work wear. **This is not protection.** Only a Kut Gard® sleeve designed and conforming to the latest cut standards will do the job.

**KUT GARD® MADE WITH KEVLAR® SLEEVES**
